When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the "Page Sizing & Handling" section. Make sure the "Actual Size" is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the "Pages to Print" section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

#### **Printing Instructions**

This chess set is pretty large. It will require a 16" chess board. Instructions to make the board are at the end of this book.

The next several pages are photos of each piece. You can use the photos as assemble guides.

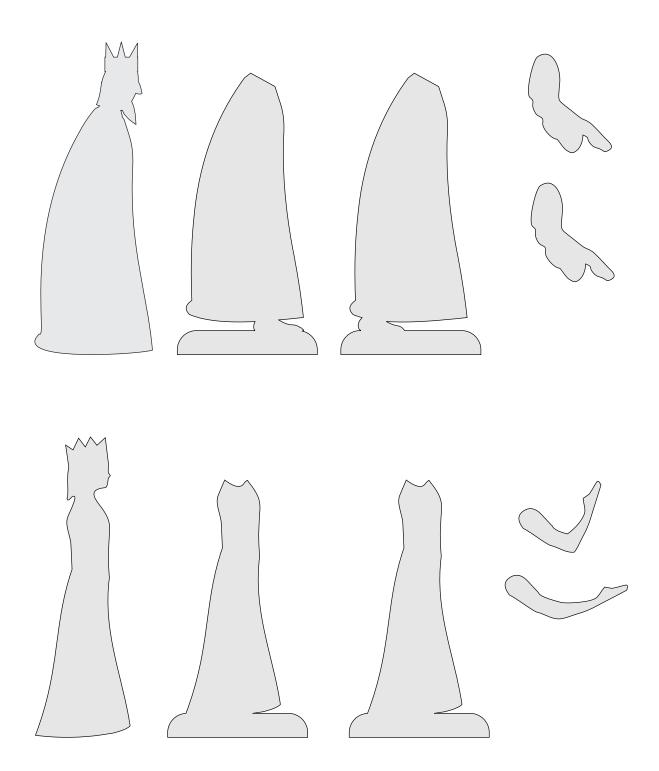

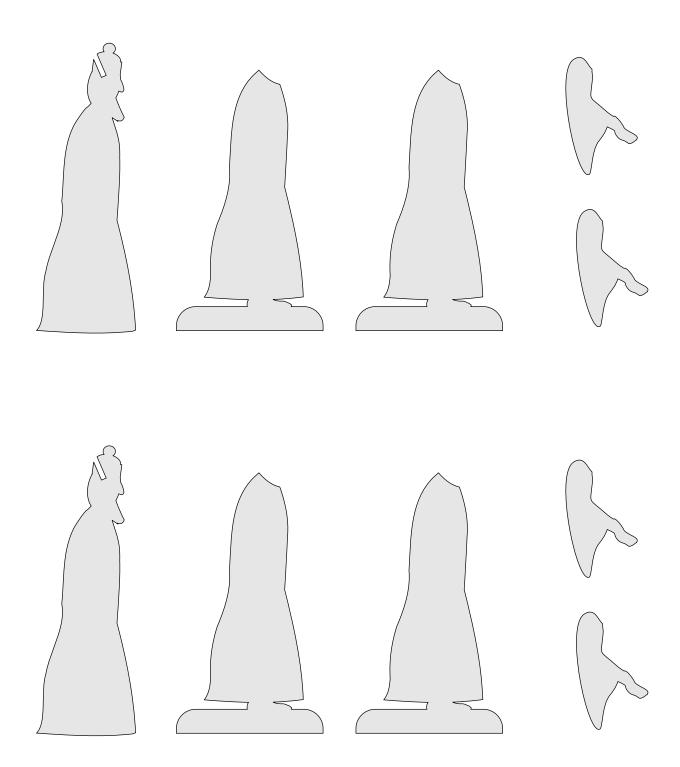

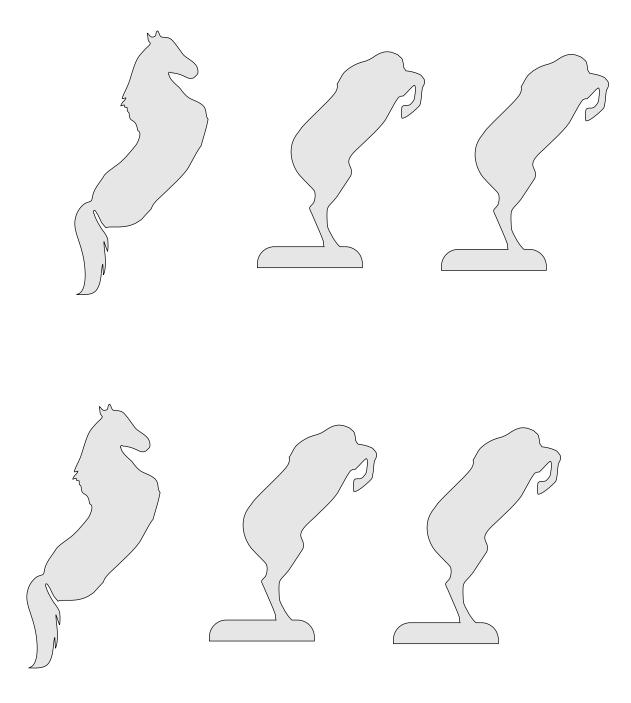

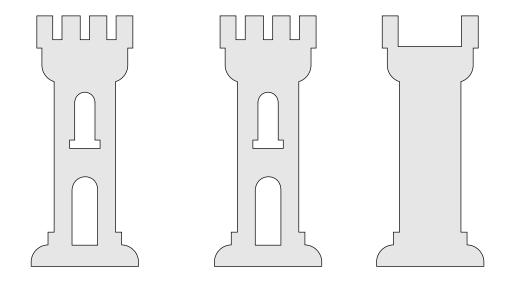

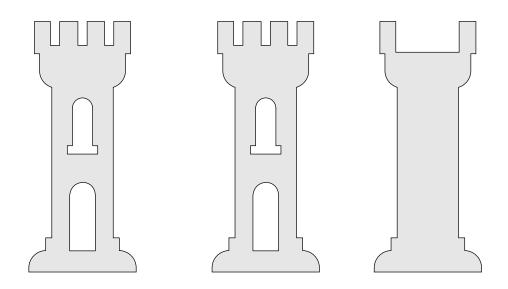

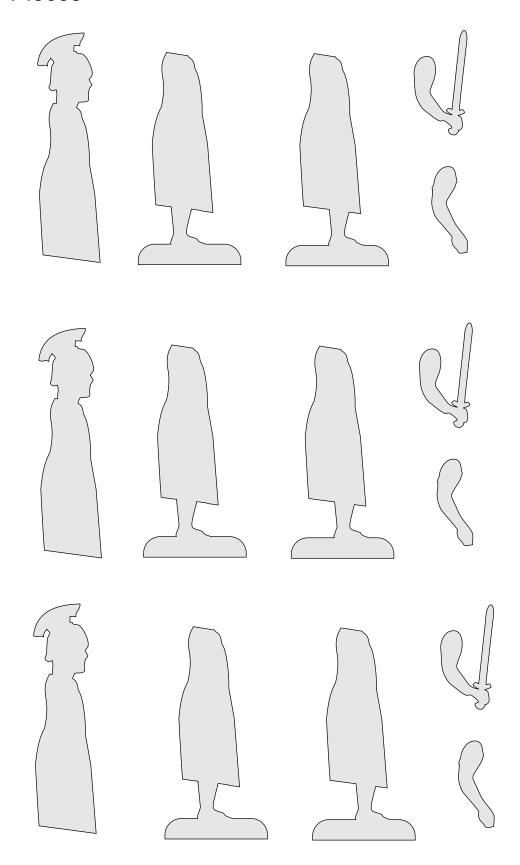

1/4" Thick

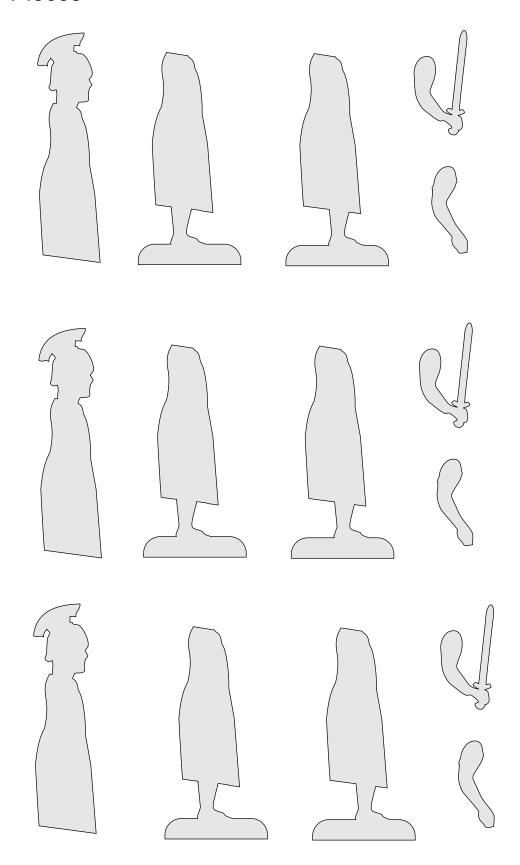

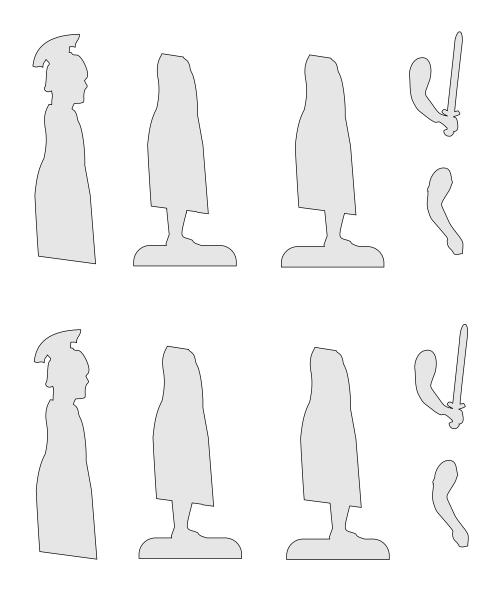

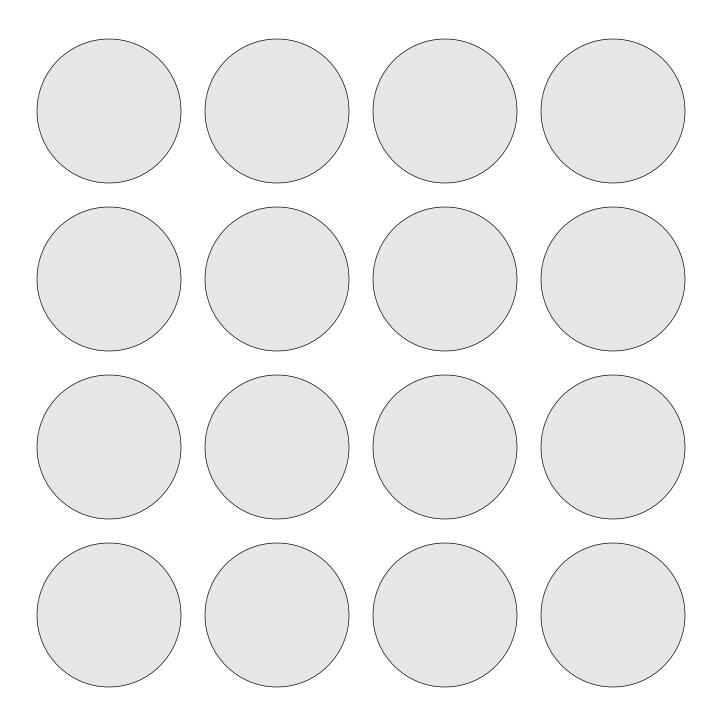

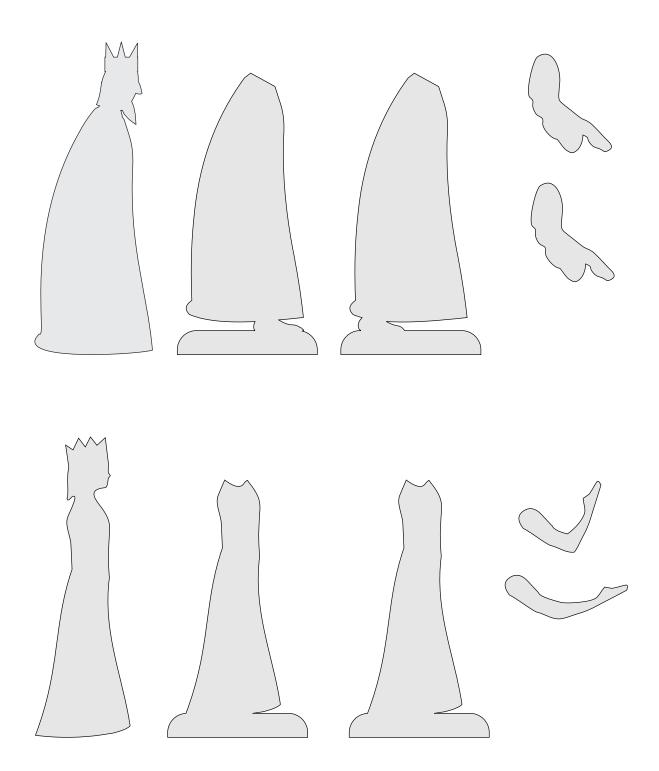

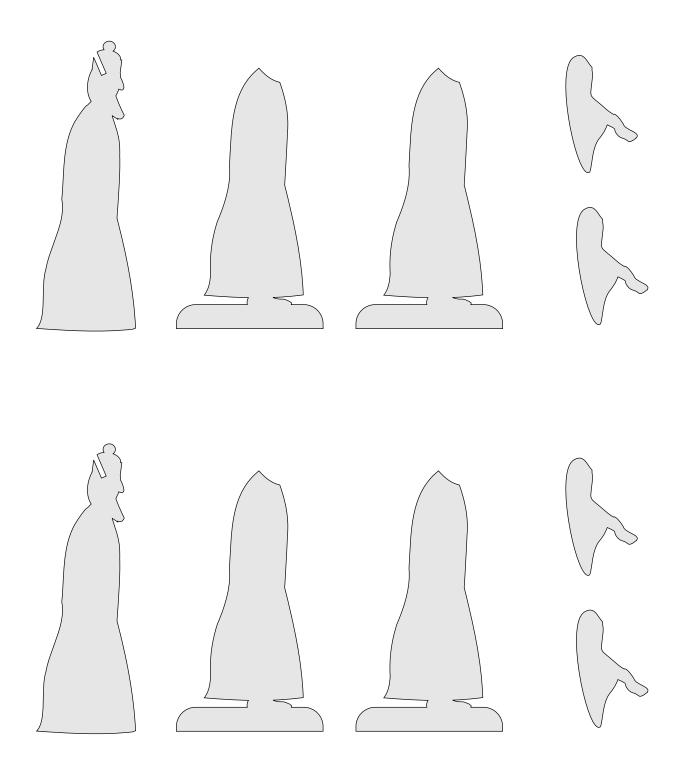

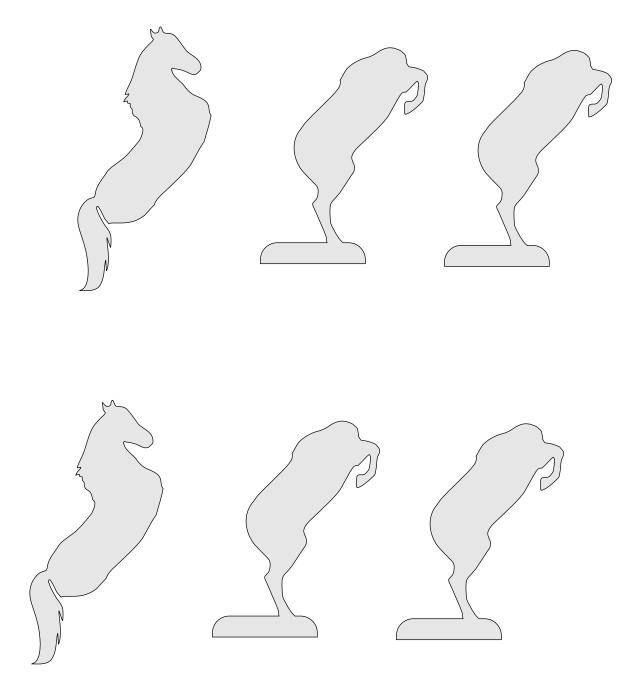

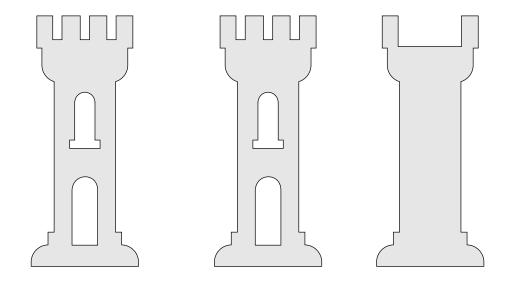

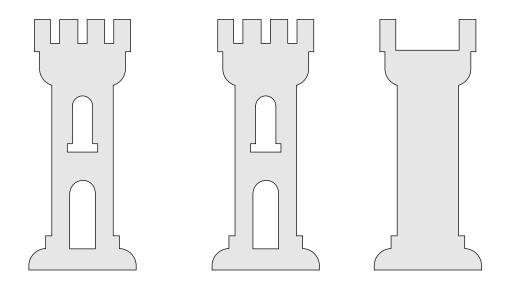

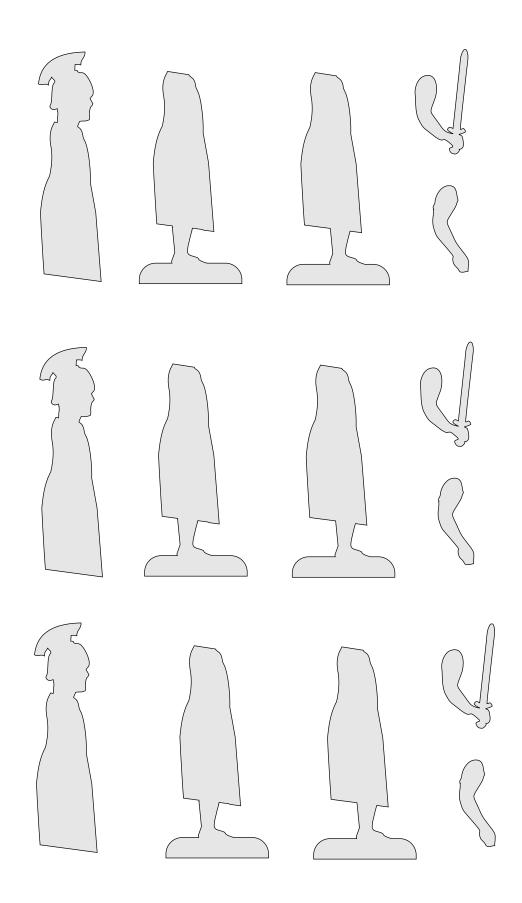

1/4" Thick

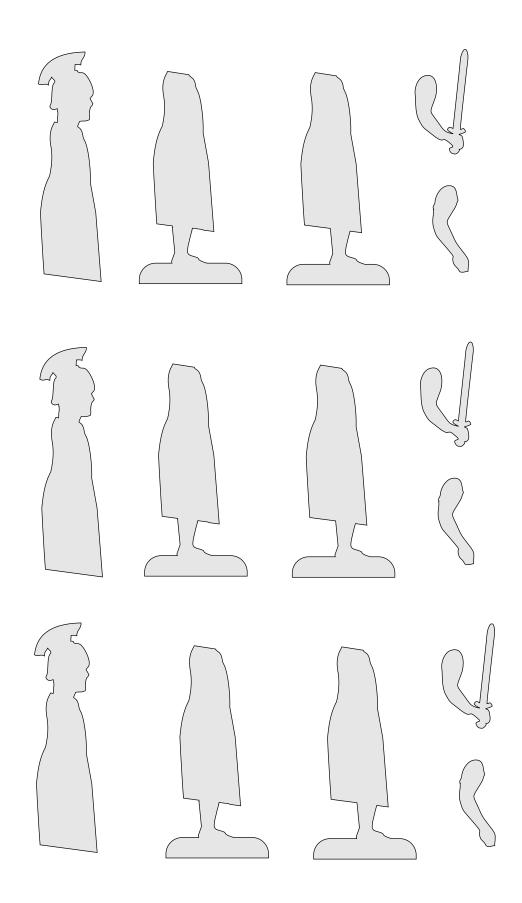

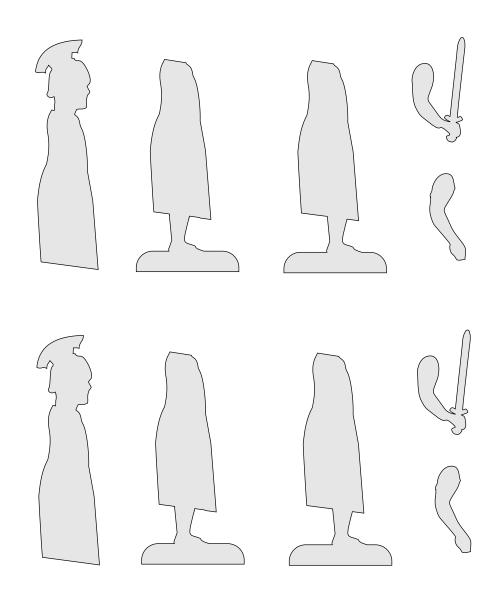

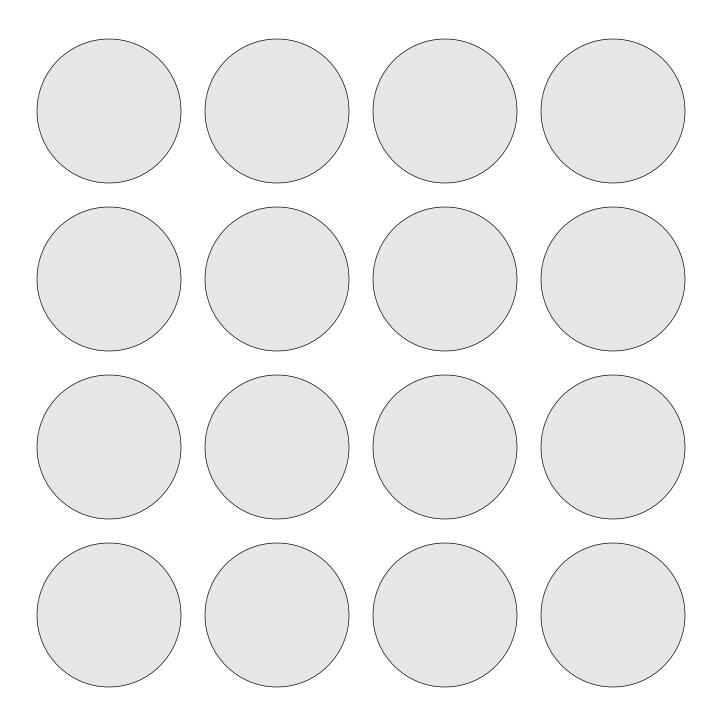

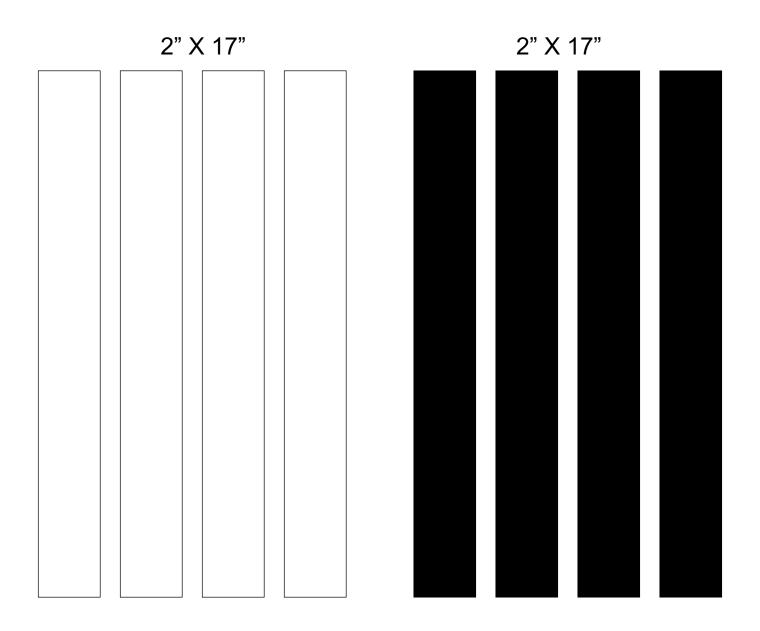

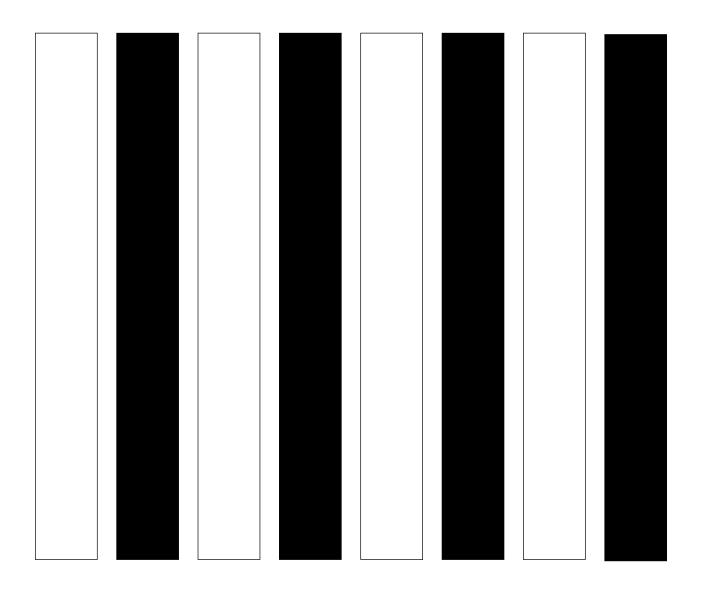

#### How to make a chess board. 16" X 16" X 3/4"

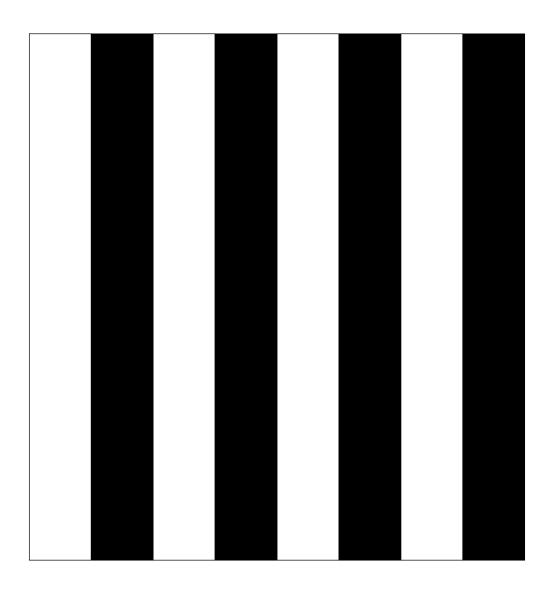

Cut 4 light strips 2" X 17.5" and 4 dark strips 2" X 17.5"

The extra 1.5" is to compensate for the kerf.

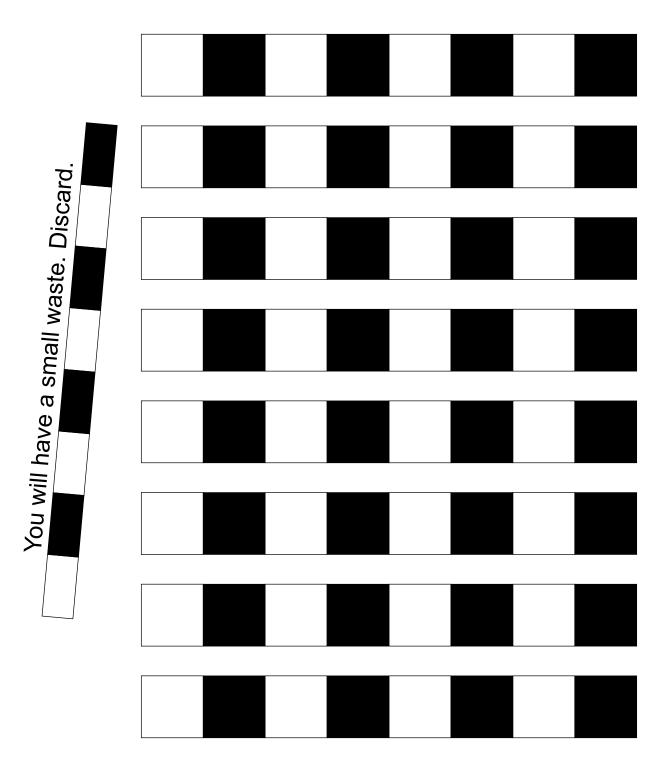

## Alternate light and dark Strips

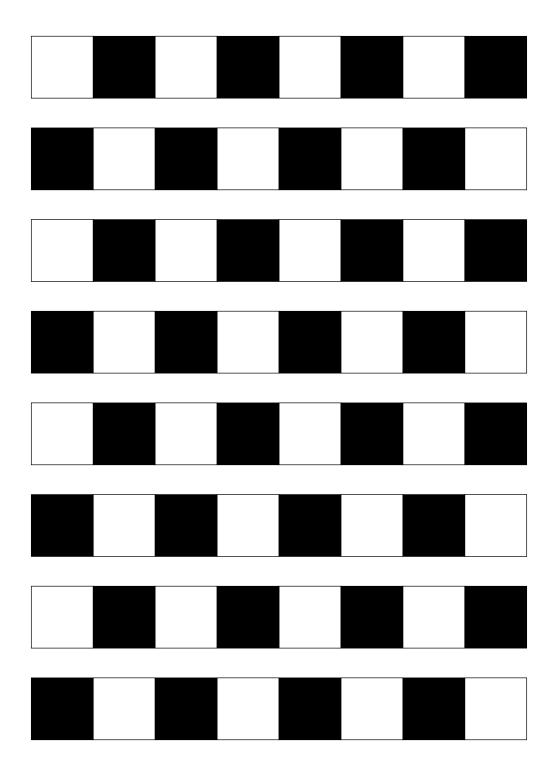

# Edge glue and let the glue cure

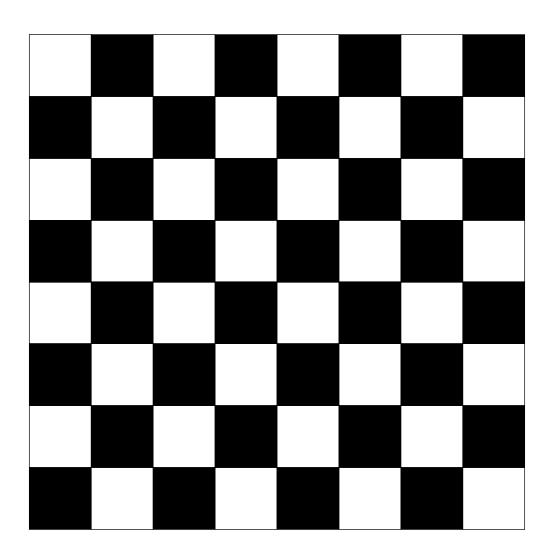

Cut into 2" strips.

#### Alternate every other strip.

## Edge glue and let cure.

#### Trim the board as desired.
