## General Pattern Information

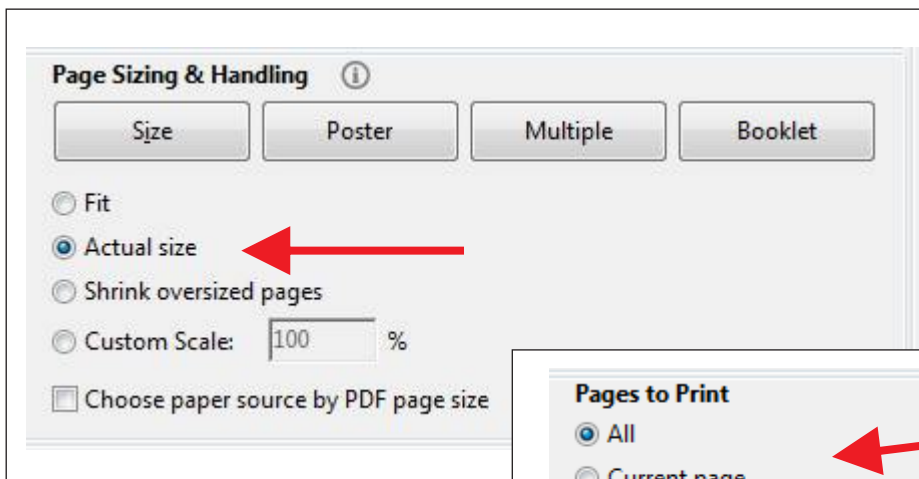

You may use this pattern to make as many of the project as you like. You are free to use any technique including mass production to build the project. The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

Steve Good retains the right to the pattern. If you have any questions about the use of this pattern please contact me at [steve@stevedgood.com](mailto:steve@stevedgood.com)

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

## Printing Instructions

Be Mine Heart Necklace.

This is a small project. The interior letters are small but I designed them so you can still use a 1/16" drill bit on all the interior cuts.

I used a #1 reverse tooth blade to cut the project.

After you finish the cuts the outer edge needs to be contoured to give the heart a softer look. I used a drum sander but hand sanding will work with a bit more effort.

1/4" Thick

1/4" Thick

This display stand is optional.  
I needed it so I could take the  
picture so I decided to included  
it for those of you who sell your  
projects.
