General Pattern Information

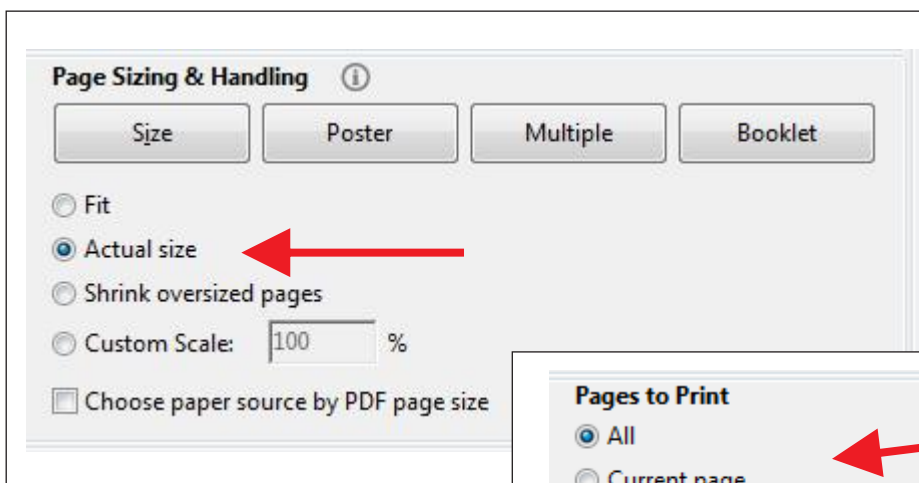

You may use this pattern to make as many of the project as you like. You are free to use any technique including mass production to build the project. The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

Steve Good retains the right to the pattern. If you have any questions about the use of this pattern please contact me at steve@stevedgood.com

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

Printing Instructions

Requires an electric Tea Light candle
A real candle will make the top of the dome very hot.
Never use a real candle unattended.

The candle put patterned light rings.

After the main pattern pages there are several optional domes with inspiring words on top like the one above.

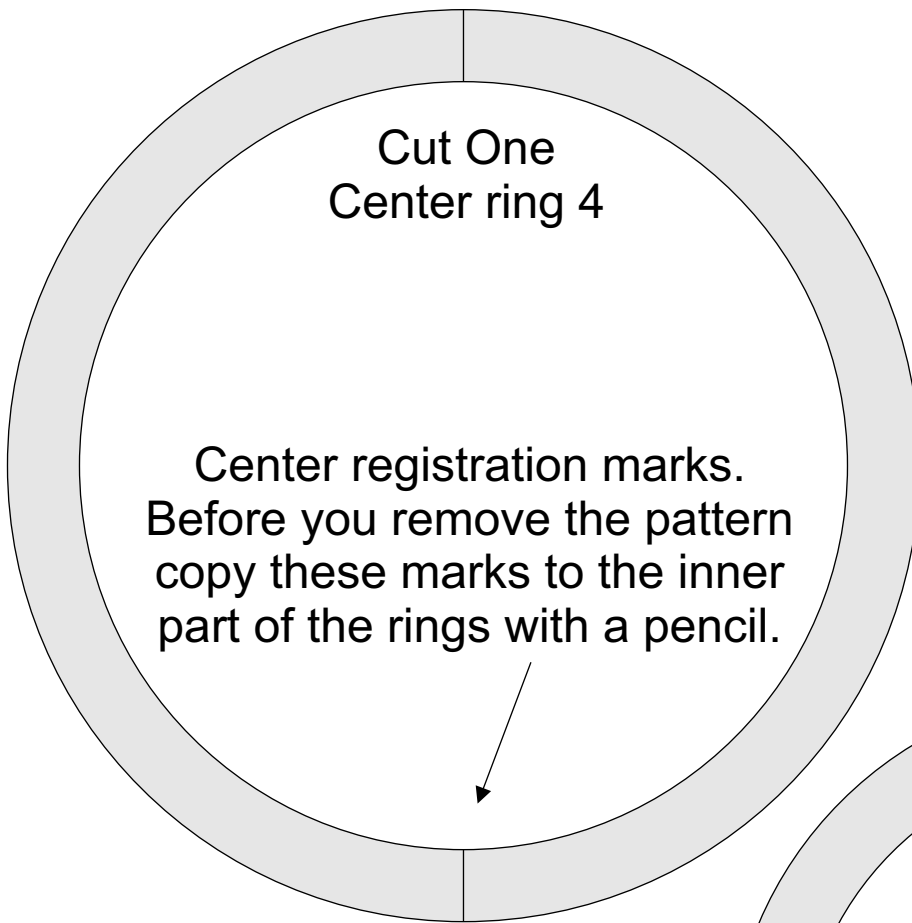

There are three pairs of rings that are the same size.
It is best to stack cut those rings. The center ring is
just cut once.
