Hallow Vase

This is the theory behind creating the vase.

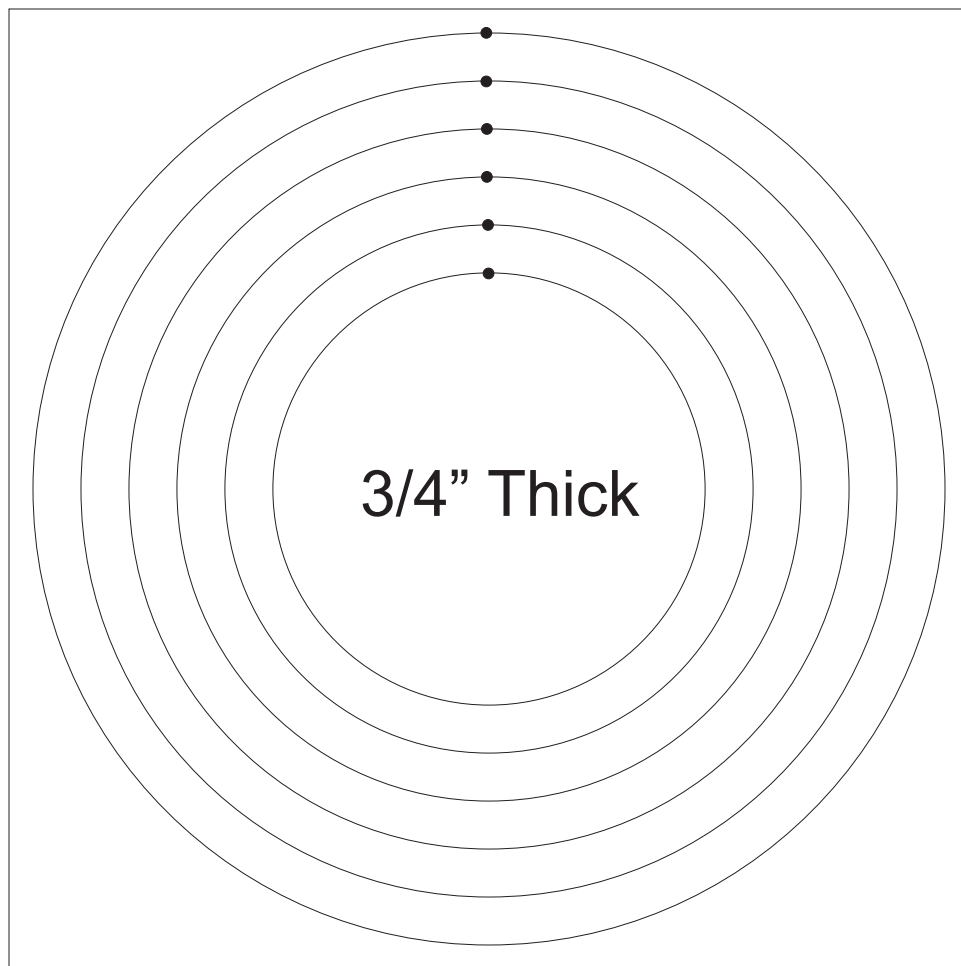

A video of the construction is
available on my blog.

I add 1 degree to the actual angle when
I cut the pattern. This compensates for the
thickness of the blade.

Set drill press table and scroll saw table to 20 degrees.

Cut all concentric rings from this pattern. Reverse and glue the stack

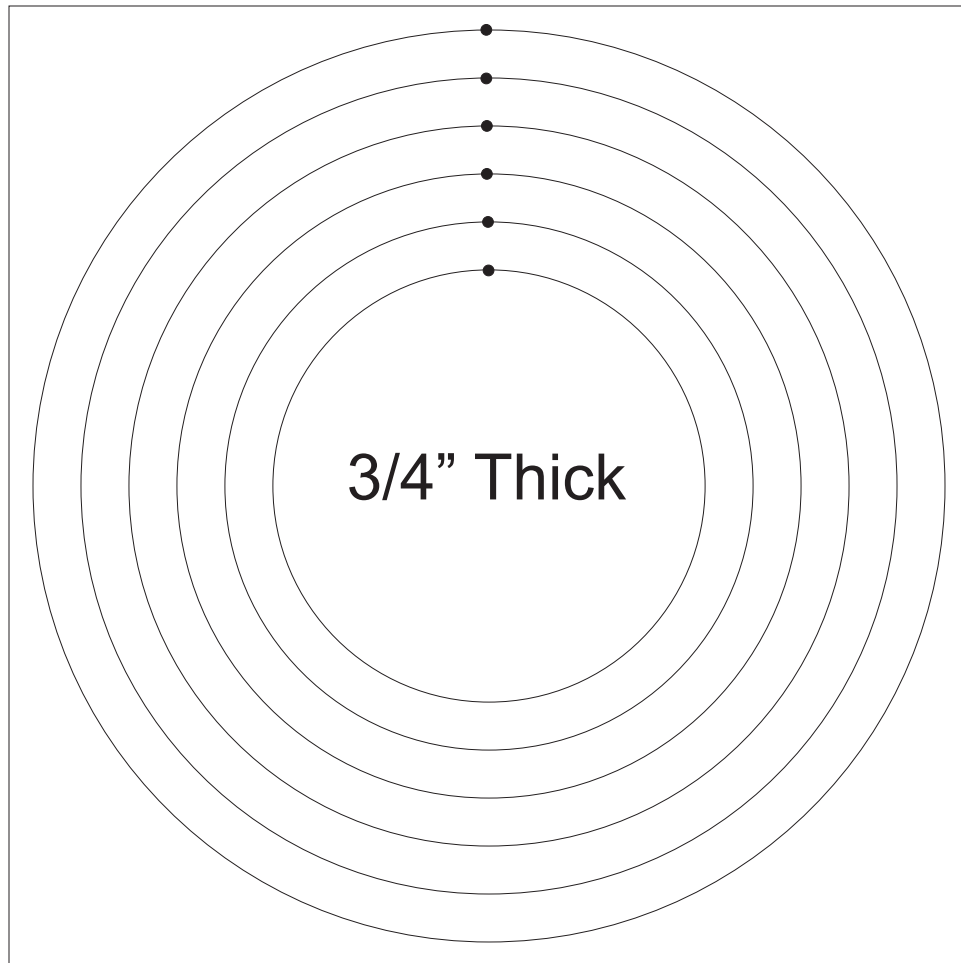

20 degrees →

Story Stick

Set drill press table and scroll saw
table to 20 degrees.

Vase Top. You will only use the
outer four rings from this pattern.

Set drill press table and scroll saw
table to 20 degrees.

The shades piece will be flipped to
make the top of the vase.

You only need the shaded section.
