Make sure the edges that will go against the box are a perfect 90 degree angle. Best to use the factory cut edge or cut with a well adjusted table saw. You can use the scroll saw to cut all other edges.

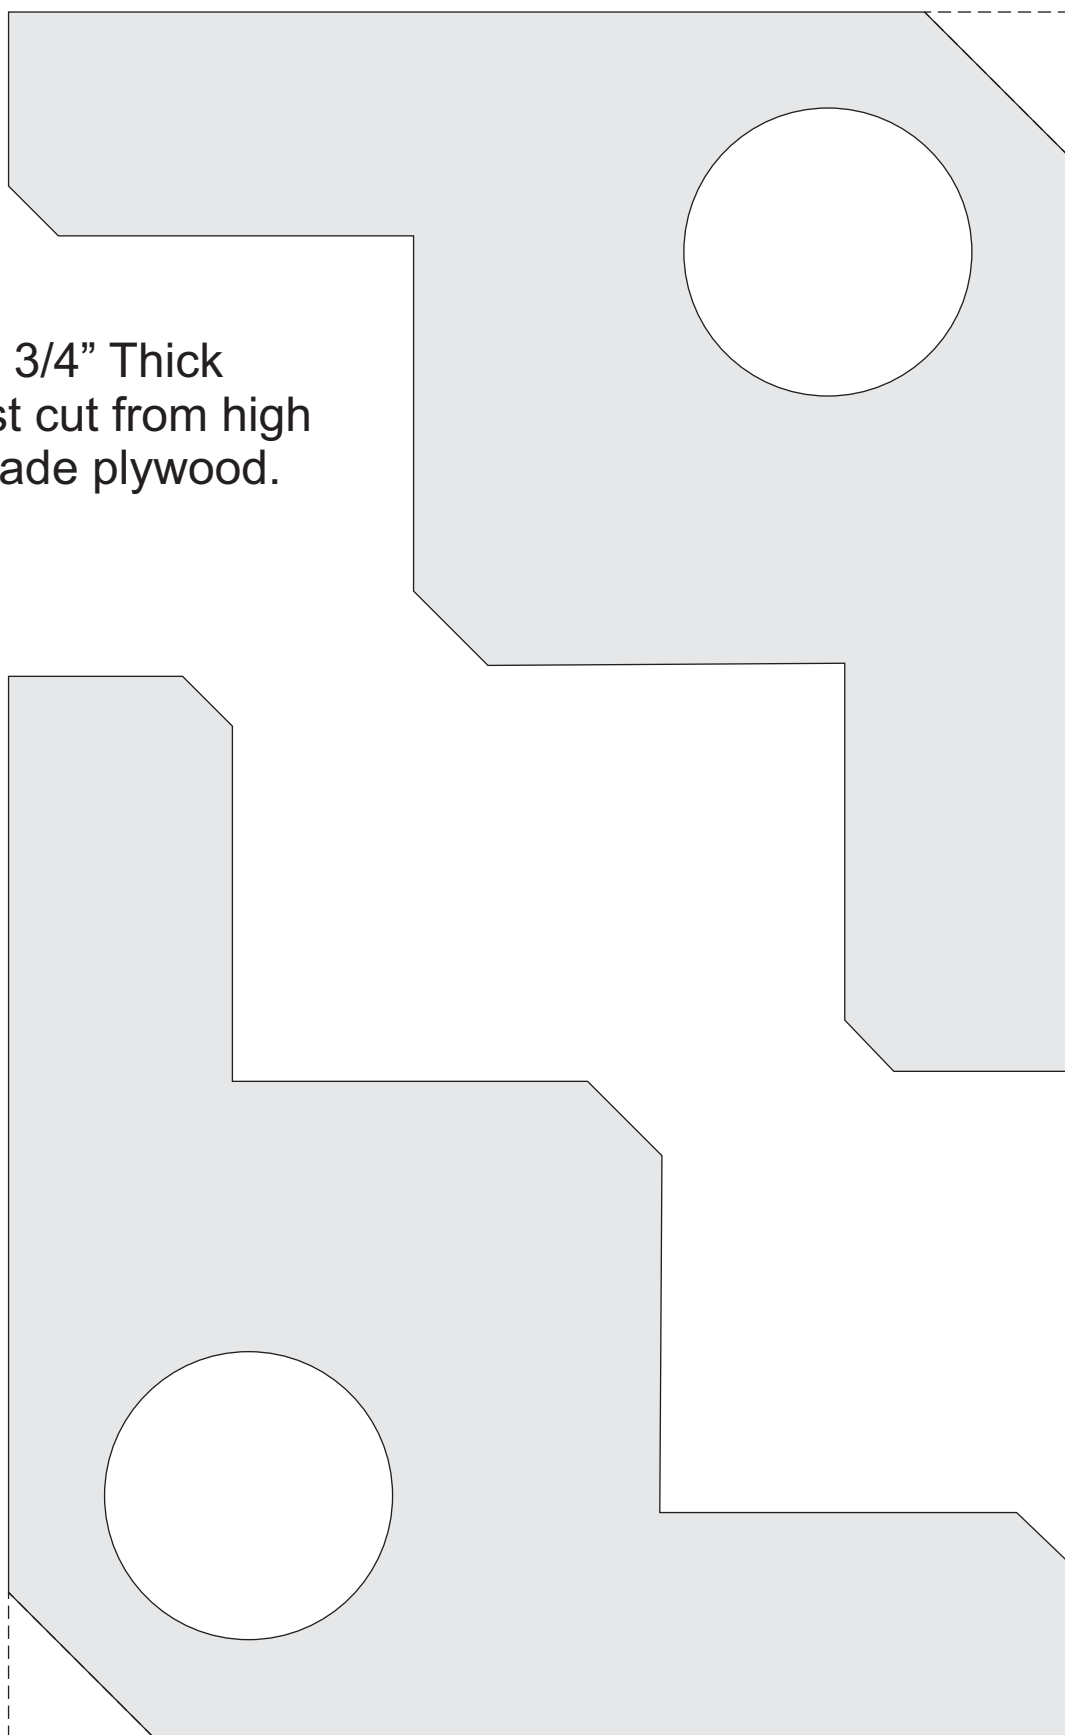

Use quick release bar clamps as shown above or spring clamps below. The bar clamps provide more secure clamping.

3/4" Thick  
Best cut from high  
grade plywood.

3/4" Thick  
Best cut from high  
grade plywood.
