## General Pattern Information

You may use this pattern to make as many of the project as you like. You are free to use any technique including mass production to build the project. The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

Steve Good retains the right to the pattern. If you have any questions about the use of this pattern please contact me at [steve@stevedgood.com](mailto:steve@stevedgood.com)

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

## Printing Instructions

## Peel and Stick laminate dispenser.

This dispenser holds Peel and Stick clear laminate sold at Walmart. This laminate is a much cheaper substitute for blue painters tape the we use under our patterns.

Keeper Dowel

Base Board  
14" X 14"

Peel and Stick

Roll end blocks

1/4" X 1.5" X 14"  
Cut guide

Keeper

5/8" diameter dowel 16" long

1/32" Thick shims

Attach the roll end blocks to the base board with glue and flat head nails.

Glue the 1/32" thick shims to the ends of the cutting guide. Glue and nail the cutting guide to the base board.

Center drill on end of the 16" long dowel to accept the keeper dowel. Glue this dowel in place.

The round keeper is friction fit. Make it snug so it can be removed to replace the rolls.
