General Pattern Information

You may use this pattern to make as many of the project as you like. You are free to use any technique including mass production to build the project. The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

Steve Good retains the right to the pattern. If you have any questions about the use of this pattern please contact me at steve@stevedgood.com

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

Printing Instructions

Dog Planter Box

If you plan to use the planter outdoors, make sure you use Titebond II water proof glue.

The planter stands 10" tall and is 19" long.

The head and tail are assembled with slot and tab.
The legs are all installed with 1/4" diameter dowels
to ensure placement.

The box uses box joints.

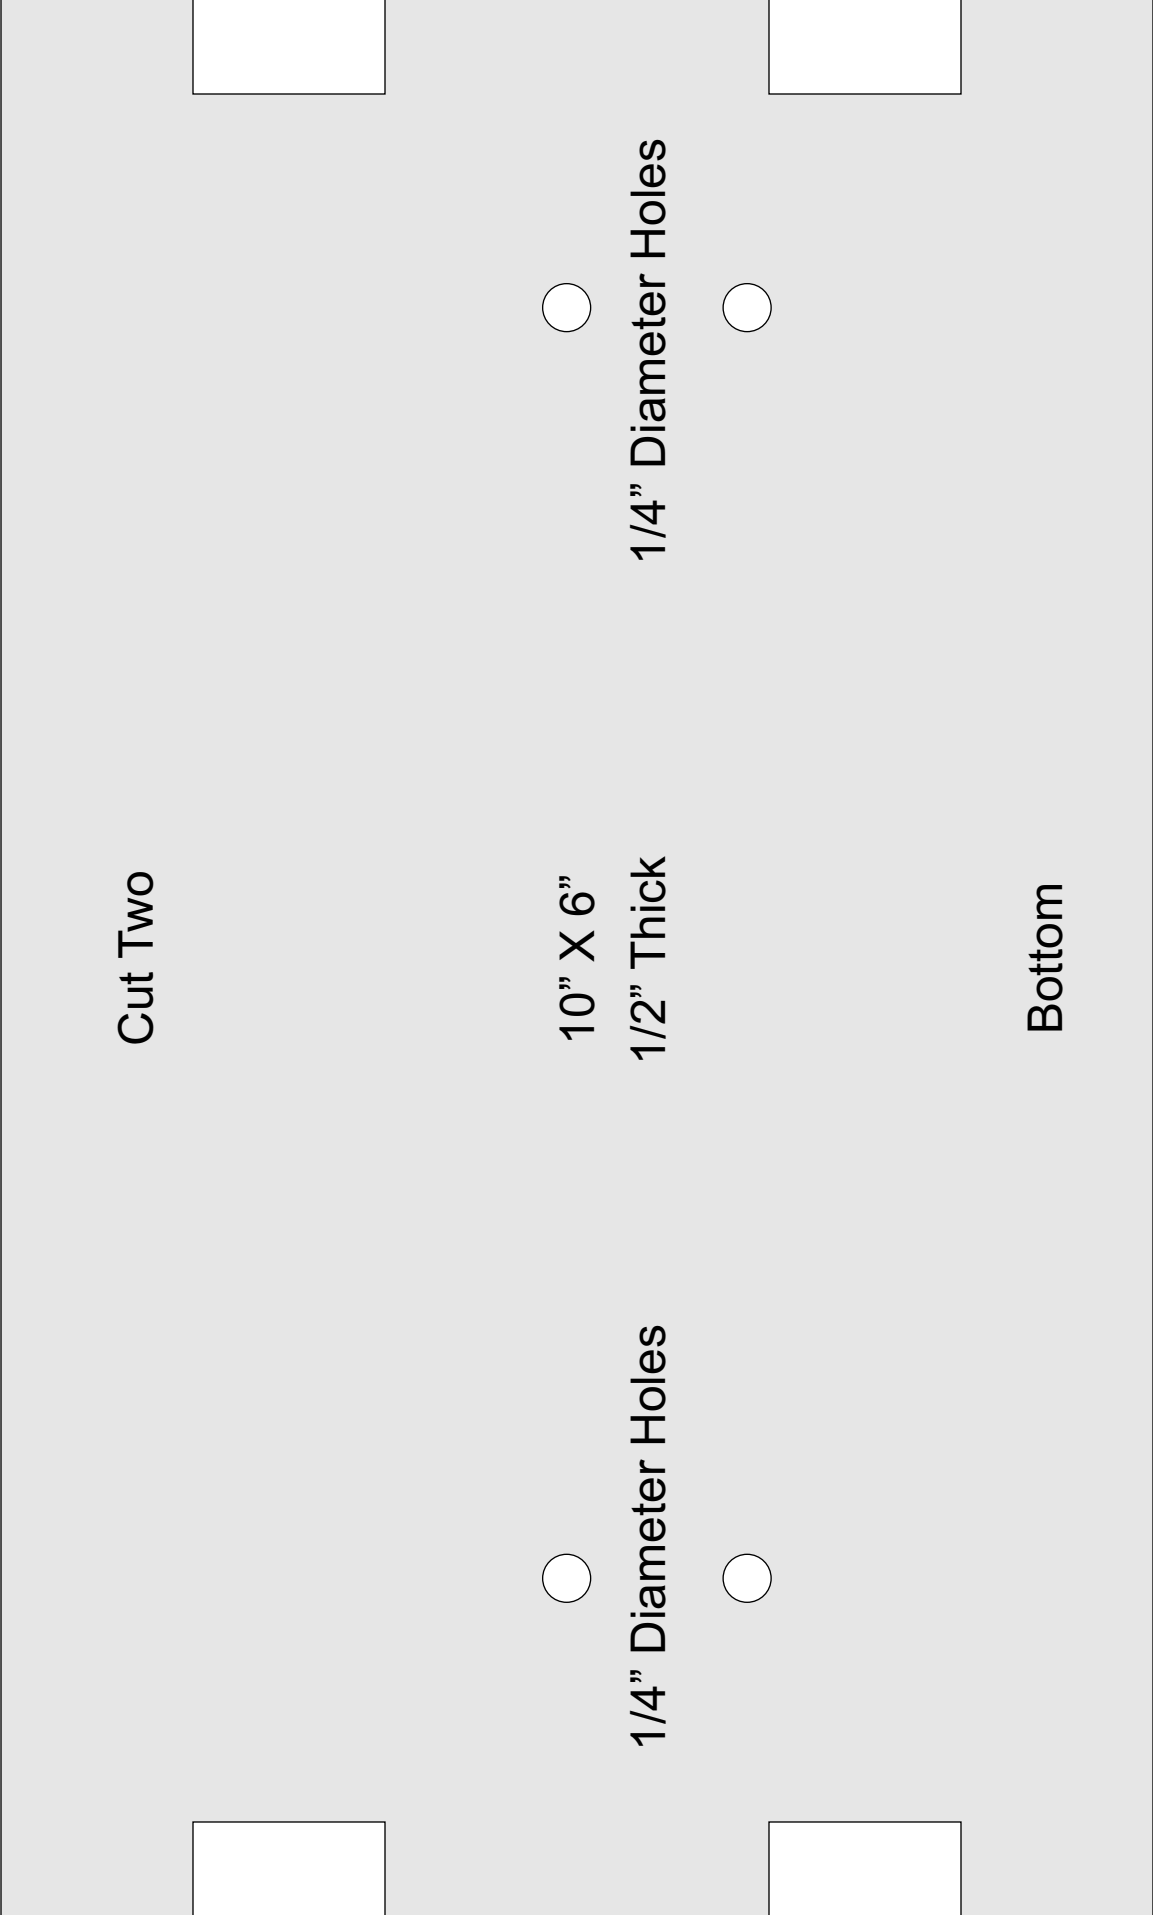

The bottom of the box is glued and nailed to the bottom.
