# General Pattern Information

You may use this pattern to make as many of the project as you like. You are free to use any technique including mass production to build the project. The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

Steve Good retains the right to the pattern. If you have any questions about the use of this pattern please contact me at [steve@stevedgood.com](mailto:steve@stevedgood.com)

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

## Printing Instructions

## Military Mom and Dad Tags

Cut a front and a backer from 1/8" Thick Baltic Birch Plywood or Hardwood.

Visit [Seyco.com](http://Seyco.com) for quality scroll saw supplies.

Mask off the areas around the text on the backer board and spray paint with your choice of color. Don't get paint on the edges or back.

Remove the mask and glue the front to the backer.  
Clamp until dry. Finish the tag with a spray lacquer/acrylic.
