## General Pattern Information

You may use this pattern to make as many of the project as you like. You are free to use any technique including mass production to build the project. The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

Steve Good retains the right to the pattern. If you have any questions about the use of this pattern please contact me at [steve@stevedgood.com](mailto:steve@stevedgood.com)

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

## Printing Instructions

## Fence Post Bird Feeder

Nails and glue on the fence post.

1/2" Thick

1/2" Thick  
Roof

The diagram shows a three-part structure. The top part is a rectangular block labeled '1/2" Thick Roof'. Below it is a second, smaller rectangular block, also labeled '1/2" Thick Roof'. The bottom part is a large, wide rectangular block labeled '1/2" Thick Porch'. The top edge of the porch block is notched, with two rectangular cutouts on the left and right sides, creating a stepped profile that aligns with the width of the roof sections above.
