The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the "Page Sizing & Handling" section. Make sure the "Actual Size" is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the "Pages to Print" section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

## Printing Instructions

The image shows two overlapping windows from a printer's print dialog. The top window is titled 'Page Sizing & Handling'. It has four buttons: 'Size', 'Poster', 'Multiple', and 'Booklet'. Below these are four radio buttons: 'Fit', 'Actual size' (which is selected and highlighted with a red arrow), 'Shrink oversized pages', and 'Custom Scale: 100 %'. There is also a checkbox for 'Choose paper source by PDF page size'. The bottom window is titled 'Pages to Print'. It has three radio buttons: 'All' (selected and highlighted with a red arrow), 'Current page', and 'Pages 1 - 34'. Below these are 'More Options' and other settings.
