When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

Printing Instructions

The Hand of God by Michelangelo

After you cut all three layers it is time to mask off 1/4" of the edge. This will be the glue surface. We do not want paint on the edges so the glue will stick well.

The front layer is left clear.
The 3rd layer is spray painted black.

The second layer is somewhat distressed.
I spray painted the board with light grey.
I then sprayed a dusting of black speckles.
