## General Pattern Information

You may use this pattern to make as many of the project as you like. You are free to use any technique including mass production to build the project. The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

Steve Good retains the right to the pattern. If you have any questions about the use of this pattern please contact me at [steve@stevedgood.com](mailto:steve@stevedgood.com)

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

## Printing Instructions

Mini Easter Puzzle 2" X 2"  
12 piece jigsaw puzzle

Spray glue the picture to a 2" X 2" X 1/8" Baltic birch plywood.  
Stack a second sheet of 1/8" plywood on top of the picture.

Wrap the stack in blue painters tape.  
Glue the puzzle template to the top of the stack.

I use a #2/0 blade so the pieces will fit together well after they are cut.

Cut each piece and reassemble the puzzle as you cut the pieces.

Do some lite sanding on the back of the puzzle pieces.

Build the box. If you want to put the puzzle in the box unsolved then use 1/2" thick BB ply for the walls to make the box deeper.

If you want to put the puzzle in the box solved then use 1/4" thick BB ply for the wall. This makes a small box.

## Puzzle Template

## Puzzle Box

Box Bottom  
1/8\"

Box Top  
1/8\"

Print on high quality photo paper.
