General Pattern Information

You may use this pattern to make as many of the project as you like. You are free to use any technique including mass production to build the project. The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

Steve Good retains the right to the pattern. If you have any questions about the use of this pattern please contact me at steve@stevedgood.com

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

A small white Seyco scroll saw and a larger black Seyco scroll saw on a stand.

Print the Image on high-quality photo paper.
Print the template on regular printer paper.

Cut two blanks from Baltic birch plywood.
1. 8" X 6" X 1/4" For the puzzle
2. 8" X 6" X 1/8" For the template.

Cut out the image using the crop marks.
Use spray adhesive to glue the image to the
1/4" BB ply. Follow the directions on the can for
a permanent bond

Place the 1/8" BB ply over the board with the image.
Wrap both boards in blue painters tape or clear packing tape.

Glue the cut out puzzle template to the stack, on top of
the 1/8" BB ply.

Use a very small blade to cut the puzzle pieces.
A #2/0 will work or you can but specific puzzle cutting
blades.
Cut each pieces and remove the waste board to reveal
the puzzle piece.

Lightly sand the back of each piece to remove the tear out.

Reassemble the puzzle are you cut the pieces.

I spray the finished puzzle with spray acrylic for protection.

Print on High-Quality photo paper
