## General Pattern Information

You may use this pattern to make as many of the project as you like. You are free to use any technique including mass production to build the project. The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

Steve Good retains the right to the pattern. If you have any questions about the use of this pattern please contact me at [steve@stevedgood.com](mailto:steve@stevedgood.com)

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

## Printing Instructions

## Quick Clamp Stands

Measure the length from the bottom of the bar to the end of the handle. You need to choose the pattern that will allow the handle to not touch the table once installed in the stand.

Single Quick Clamp Stand.  
Most of the time you will want four stands.

Once the project is elevated and clamped you can set the clamps in the stands. Now you have access to all four sides for extra clamps.

5" Tall Stand  
1/4" Thick  
Cut Four

6" Tall Stand  
1/4" Thick  
Cut Four
