General Pattern Information

You may use this pattern to make as many of the project as you like. You are free to use any technique including mass production to build the project. The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

Steve Good retains the right to the pattern. If you have any questions about the use of this pattern please contact me at steve@stevedgood.com

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

Printing Instructions

Page Sizing & Handling ⓘ

Size Poster Multiple Booklet

☐ Fit

☒ Actual size ←

☐ Shrink oversized pages

☐ Custom Scale: 100 %

☐ Choose paper source by PDF page size

Pages to Print

☒ All ←

☐ Current page

☐ Pages 1 - 34

Stacking Jewelry Trays.

There are four styles of tray/ You can make as many of the trays as you like. You could also lengthen the base board and add more holes to have three stacks of trays.

1/4" Wooden Dowels. Drive them in until only about 1/8" is sticking out.

The lids are the same as the bottom.

The pattern uses two different sizes of drill bit. Pay attention when you drill the holes.

After you cut the dowels to length you can round over the end for a smoother fit.
