General Pattern Information

You may use this pattern to make as many of the project as you like. You are free to use any technique including mass production to build the project. The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

Steve Good retains the right to the pattern. If you have any questions about the use of this pattern please contact me at steve@stevedgood.com

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

If you spill it wipe it up paper towel holder.

**IF YOU
SPILL IT
WIPE IT
UP**

Steve

I used a 1 1/2" diameter wooden dowel but and dowel even as small as 3/4" diameter will work.

I painted the sign backer board red.
Notice I left a glue area.

I used a 1 1/2" Fostner bit to drill the hole for the dowel. You could just as easily drill a hole for a screw and attach the dowel with a screw from the bottom.

1/2" Thick

IF YOU
SPILL IT
WIPE IT
UP

1/8" Thick

If you don't want to cut the letters with the scroll saw you can print out this graphic and glue it to the sign. Just make sure you add a protective finish.

Sign graphic on the next page.

Print on high quality photo paper.
