General Pattern Information

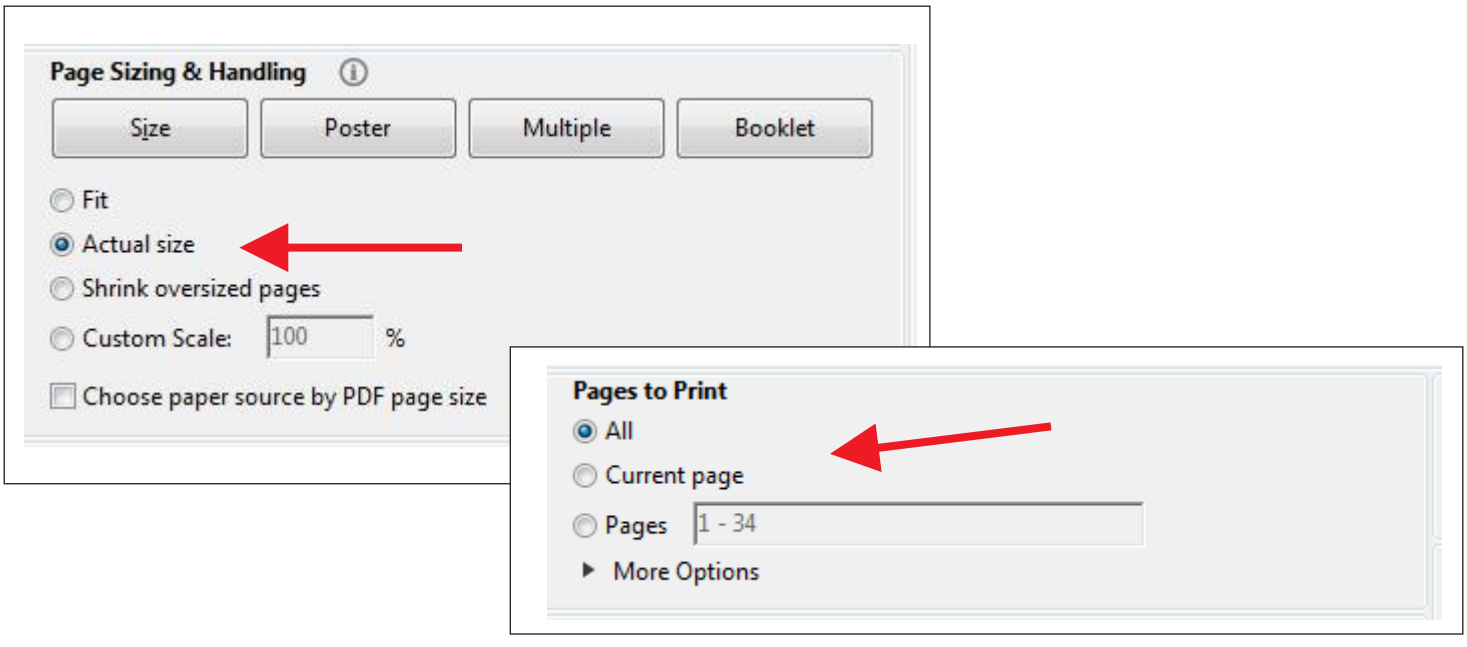
You may use this pattern to make as many of the project as you like. You are free to use any technique including mass production to build the project. The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

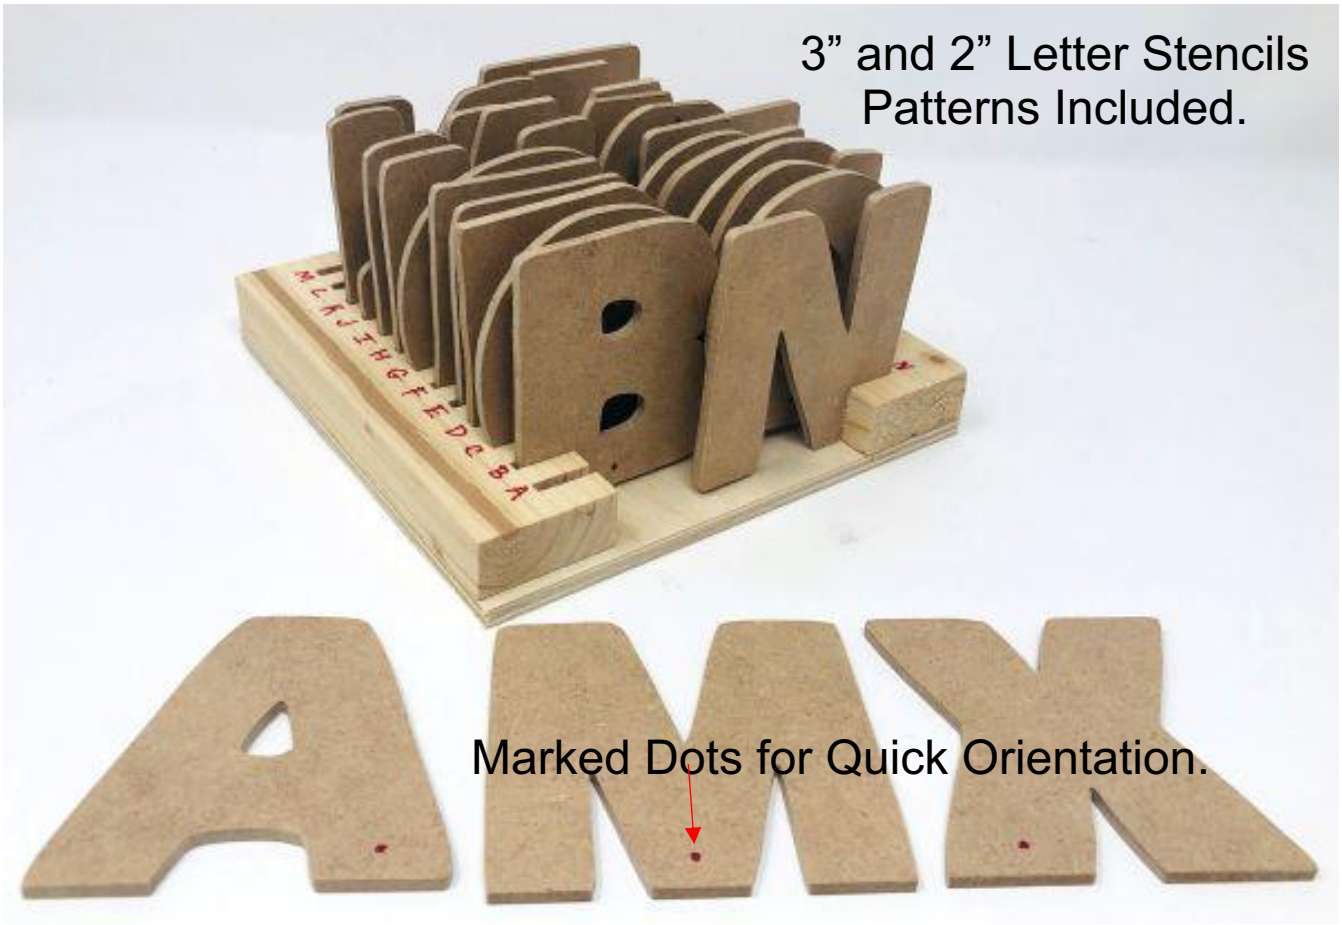
Steve Good retains the right to the pattern. If you have any questions about the use of this pattern please contact me at steve@stevedgood.com

Printing Instructions

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.



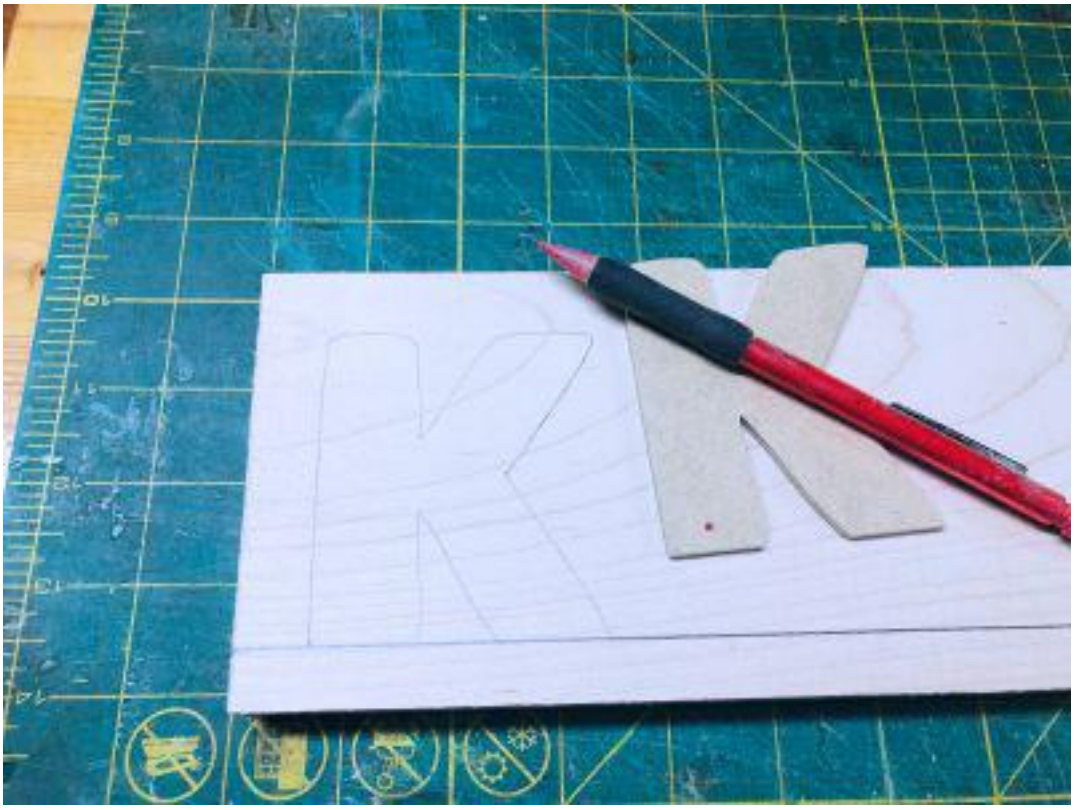


3” and 2” Letter Stencils
Patterns Included.
Marked Dots for Quick Orientation.

Spaced Letters.

Kerned Letters.

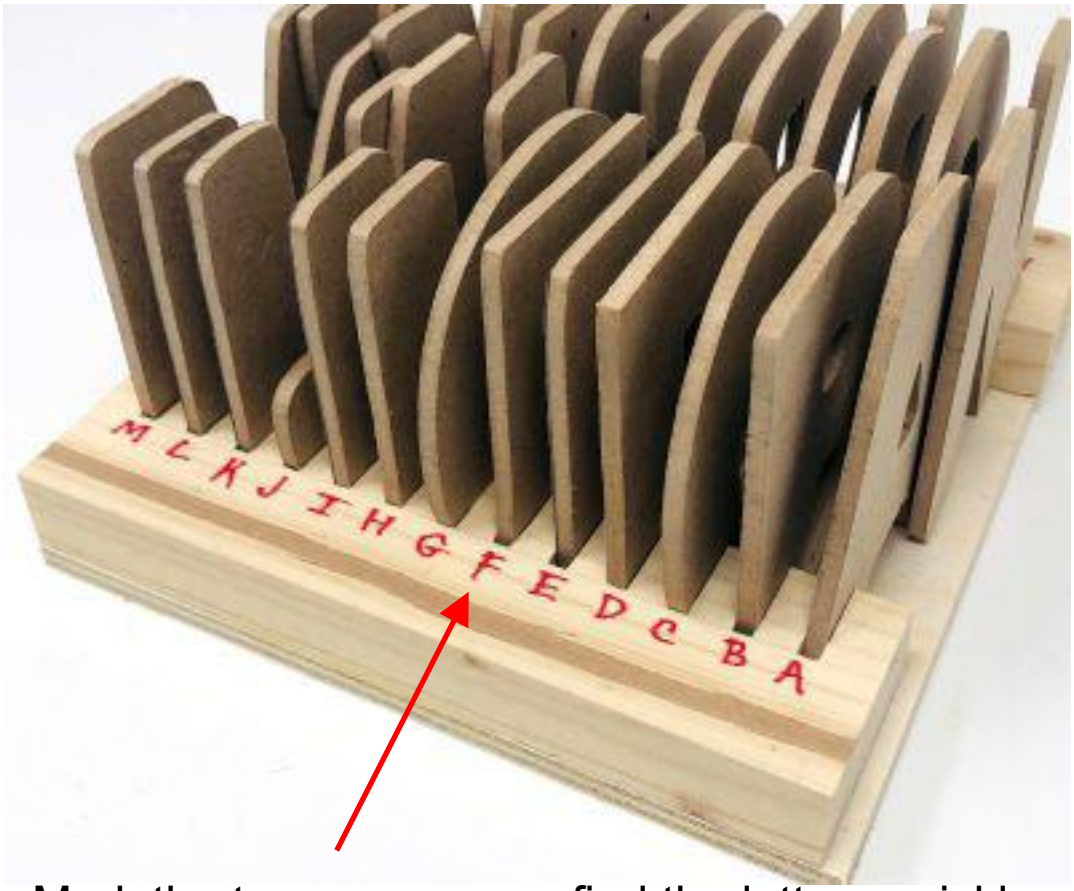
I used 1/8” MDF for the stencils.
Amazon Link. https://amzn.to/3eclByg



Use a sharp pencil to trace the stencil. For dark wood you will need a white pencil

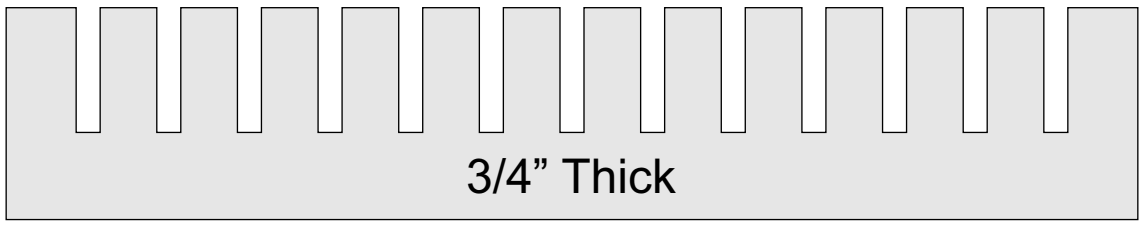
To make a name with spaced letters first draw the base across the bottom of your board.
Now you can evenly space the letter across the base.

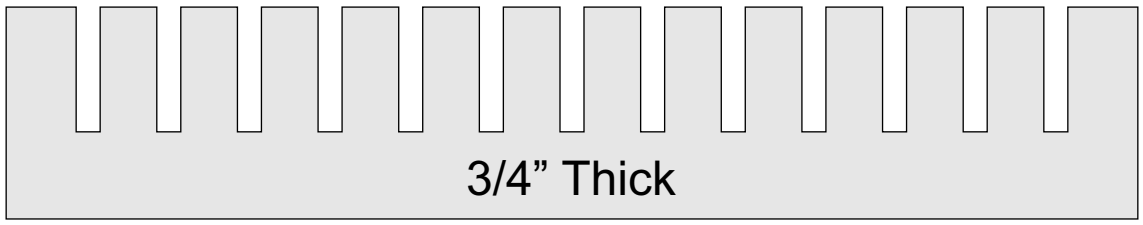
To make a name without the base you need to overlap the letters just slightly.

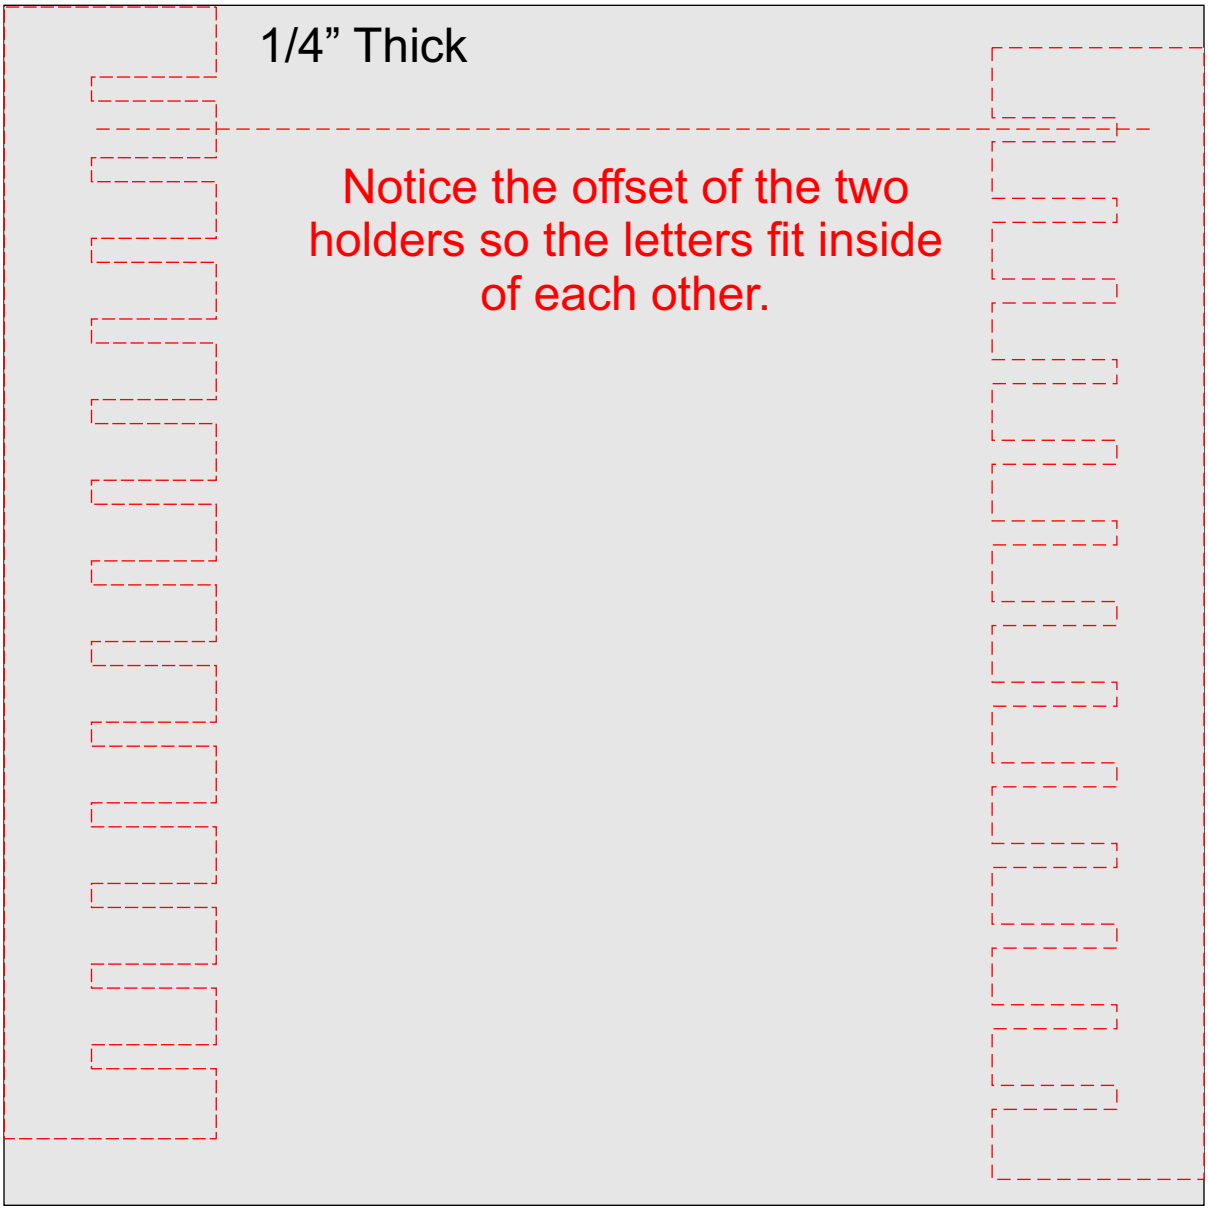


Mark the tray so you can find the letters quickly.

Stencil Tray







Notice that all the letters have a straight bottom line for orientation.
