# General Pattern Information

You may use this pattern to make as many of the project as you like. You are free to use any technique including mass production to build the project. The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

Steve Good retains the right to the pattern. If you have any questions about the use of this pattern please contact me at [steve@stevedgood.com](mailto:steve@stevedgood.com)

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

## You Light Up My Life Light

<https://amzn.to/2ZUY40v>

These craft light kits work nice for small projects like this. The kit shown in the left is under \$8 on Amazon.

The heart cutouts get projected on the walls around the light.

The bottom is not glued on to the tower. This lets you change the light bulb.

If you use the light kit then the top can be glued in place. If you use a candle for the light then do not glue on the top. The **top needs to be off when the candle** is lit.

Light kit installation.

Power cord exit hole.

These are extra bonus patterns included  
at the end of this pattern book.
