## General Pattern Information

You may use this pattern to make as many of the project as you like. You are free to use any technique including mass production to build the project. The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

Steve Good retains the right to the pattern. If you have any questions about the use of this pattern please contact me at [steve@stevedgood.com](mailto:steve@stevedgood.com)

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

## Printing Instructions

## Three layer Vintage Train

Your source for scroll saw ready boards.

Cut the middle section from 1" thick wood.

Sandwich two 1/4" thick boards and apply the pattern so you can stack cut both the left and right sides of the train at the same time.

Glue the left and right to the middle section.  
Clamp and allow to set up. Cut a base 3" X 11"  
and glue the train to the base.

1/4" Thick

Stack cut the left and right sides  
together for faster completion.

Original graphic by [www.freepik.comh](http://www.freepik.comh)

The base for the train should be  
3" wide and 11" long.
