General Pattern Information

You may use this pattern to make as many of the project as you like. You are free to use any technique including mass production to build the project. The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

Steve Good retains the right to the pattern. If you have any questions about the use of this pattern please contact me at steve@stevedgood.com

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

Printing Instructions

Wooden Journal.

If you want to add a name to the journal you need a stencil font. Below is a link to download the font I used.

<http://www.stevedgood.com/WordArt.ttf>

After you install the font you can use any program that will let you change the size and print the name.

The first page of the book should be colored paper. Cut down some card stock or do what I did and spray paint the first page. Light coats will keep it from wrinkling.

The paper I used can in a package of 100 sheets. I could only use about 75 sheets because the rings were too small. You could use yarn or get larger rings.

I purchased the 5.5 X 8.5 filler sheets at Staples. I also bought the book rings at Staples. They are the 1 inch size.
