## General Pattern Information

You may use this pattern to make as many of the project as you like. You are free to use any technique including mass production to build the project. The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

Steve Good retains the right to the pattern. If you have any questions about the use of this pattern please contact me at [steve@stevedgood.com](mailto:steve@stevedgood.com)

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

## Printing Instructions

Do not use an open grained wood like Red Oak for this lid. That will very likely break while being cut.

1/4" Thick  
Lid

1

A #5 scroll reverse blade or smaller  
will help prevent breakage while cutting.  
A #3 is probably a better choice.

2

1/4" Thick

This is glued to the bottom of  
the lid in the center.

3

Cut six from  
1/2" thick wood.  
When glued together  
rotate every other ring  
to make a basket pattern.

4

1/2" Thick  
Bottom
