General Pattern Information

You may use this pattern to make as many of the project as you like. You are free to use any technique including mass production to build the project. The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

Steve Good retains the right to the pattern. If you have any questions about the use of this pattern please contact me at steve@stevedgood.com

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

Printing Instructions

Small Box Template
Using the included template and instructions
you can cut dozens of these at the same time.

Nice for gifting or selling small items like jewelry.

I used Crayola White Poster Board.
Visit your Staples or Office Depot and look
for a light weight cardboard. You want something
that will fold without cracking.

Two sheets of sacrificial 1/8" thick plywood.

The template.

Glue Stick

The number of sheets of cardboard that you want boxes.

Wrap the stack with blue painters tape or clear packing tape.

Apply the template to the stack.
Cut the template with a small blade. I use a #1 scroll reverse.

Apply glue to the back side of the tabs.
The tabs are glued to the inside of the box.

Box Template
