General Pattern Information

You may use this pattern to make as many of the project as you like. You are free to use any technique including mass production to build the project. The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

Steve Good retains the right to the pattern. If you have any questions about the use of this pattern please contact me at steve@stevedgood.com

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

Printing Instructions

Safety Face Shield

You can also use a thin transparency for a curved lighter shield.

Cut the slits in the transparency wider than the glasses frames so the transparency curves when installed. Don't cut rectangles in the transparency. Just cut slits.

The frame patterns come in three sizes.
You may need to adjust the frames for a perfect fit.

The acrylic clips in place. This makes it easy to remove and replace.

Large

Medium

The earpieces are the same for all three sizes.

1/8" Thick

Small

The earpieces are the same for all three sizes.

1/8" Thick
