General Pattern Information

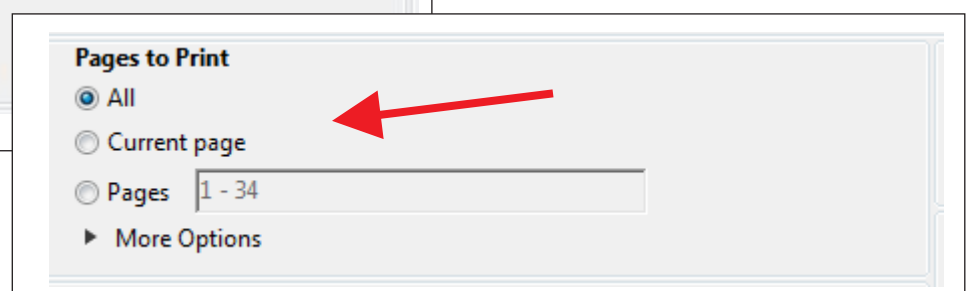

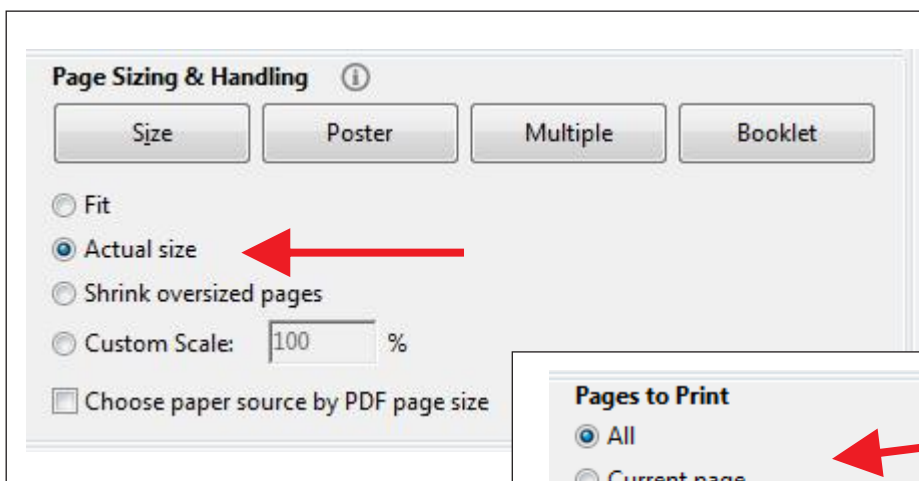

You may use this pattern to make as many of the project as you like. You are free to use any technique including mass production to build the project. The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

Steve Good retains the right to the pattern. If you have any questions about the use of this pattern please contact me at steve@stevedgood.com

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

A small white Seyco ST-21 scroll saw and a larger black Seyco scroll saw on a stand.

Orange paint for the pumpkin and black paint for the box would be a nice touch.

This is simply a box with a light socket. You can make changes to add any light socket you have.

You can also use a regular light bulb but the flame light looks spooky.

Amazon Link for the socket I used.

This is 1/8" plexiglass. You can buy the frosted glass but I just used sandpaper to front clear plexiglass.

1/4" Thick

1/4" Thick Box Top

Modify these dimension for the lamp socket you use.

3/4" Thick Side Box Wall
Cut two

3/4" Thick Back Box Wall

3/4" Thick Front Box Wall

4.5" X 6.25" X 1/8"
