General Pattern Information

Printing Instructions

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the "Page Sizing & Handling" section. Make sure the "Actual Size" is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the "Pages to Print" section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

Page Sizing & Handling ⓘ

Size	Poster	Multiple	Booklet

○ Fit
◉ Actual size
○ Shrink oversized pages
○ Custom Scale: 100 %
☐ Choose paper source by PDF page size

Pages to Print
◉ All
○ Current page
○ Pages 1 - 34

This idea came from the LampZoom YouTube

For more details on assembly see his video.

I painted the rose but it is much easier to use
red and green construction paper.
You can also wrap the dowel in green floral tape.

#7 Assemble the rose on to a 1/8" wooden dowel.

The roses are cut from paper. We can cut multiple sheets of paper using what I call the sandwich method.

Sandwich multiple sheets of paper between two sheets of 1/8" plywood.Wrap the stack with blue painters tape.

Apply the pattern to the top of the stack.

I like to use a small blade to cut paper. A #3 will usually give you a clean cut.

How to fold and glue the petals.

Roll the petals
