# General Pattern Information

You may use this pattern to make as many of the project as you like. You are free to use any technique including mass production to build the project. The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

Steve Good retains the right to the pattern. If you have any questions about the use of this pattern please contact me at [steve@stevedgood.com](mailto:steve@stevedgood.com)

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

## Instructions:

### Supplies:

1/8 inch thick high quality plywood.

1/4" or thicker high quality plywood.

Puzzle pattern from this book.

Picture that you want to make into a puzzle.

Blue painter tape.

Spray adhesive.

Scroll saw and thin blade. #2/0 or smaller.

1. Cut both plywood pieces to match the size of the pattern you have selected.

2. Apply the picture to the thicker piece of plywood with spray adhesive. Follow the manufactures direction for a permanent bond

3. Place the 1/8" plywood on top of the Photo and wrap the sandwich in blue painters tape.

.  
4. Apply the puzzle template on top of the stack with spray adhesive.

You do not have to print the entire book. Only print the template page you will be working with. This is done by scrolling to the desired page and selecting print. When the print dialog opens, select print this page only.

Here are all the supplies you will need.

I am using a white box purchased from Amazon.  
<https://amzn.to/2sGbQ7K> 6" X 8" X 2" 2 pack.  
\$5.99 as of June, 2018 on Amazon.

I am applying a duplicate photo of the puzzle to the box cover with spray adhesive.

Here is the completed puzzle box.

Cut down the photo and template to the size required.

Cut the 1/8" Baltic birch plywood to the size of the template and set them to the side.

Cut the 1/4" BB ply to the size of the template and clean prep for attaching the photo.

For a permanent bond spray the photo and the wood with the spray adhesive.

Apply the photo and make sure there are no wrinkles or bubbles. Let the glue dry before you begin to cut.

Set the 1/8" BB ply on top of the photo/1/4" BB ply and wrap them with the blue painters tape.

We are now ready to use the spray adhesive to apply the template to the top of the stack.

We want to use a thin kerf blade so the puzzle pieces fit together well. I am using a Pegas #2/0 blade. I do not recommend that you use a blade thicker than a #2/0.

We are ready to begin cutting the pieces.

Cut the pieces and remove the sacrificial template as you go.

I like to reassemble the puzzle as I cut the pieces.

When all the pieces are cut I apply a couple coats of spray acrylic. This make the puzzle more durable.

The puzzle is not ready make someone a beautiful gift.

Wedding, birthdays, anniversaries and special events are all fantastic ideas for memory sake puzzles.
