# General Pattern Information

You may use this pattern to make as many of the project as you like. You are free to use any technique including mass production to build the project. The pattern may be copied and given to others provided the entire book is kept intact. You may not sell the pattern or include it in another commercial package of any type.

Steve Good retains the right to the pattern. If you have any questions about the use of this pattern please contact me at [steve@stevedgood.com](mailto:steve@stevedgood.com)

When printing this pattern it is important to print it full size. When you bring up the print dialog box look in the “Page Sizing & Handling” section. Make sure the “Actual Size” is selected before you hit print.

You also only need to print the page/s you need. After the print dialog opens look for the “Pages to Print” section. You can print the current page or a range of pages. This will help save ink by not printing the title/instruction pages.

▶ More Options

4" X 6" Scroll Saw Puzzles.

You will need:

One 4" X 6" X 1/4" thick Baltic Birch Plywood

One 4" X 6" X 1/8" thick Baltic Birch Plywood

Gloss Photo Printer Paper(or 4" X 6" Photo)

Puzzle scroll saw blade.(I prefer Flying Dutchman Superior puzzle blades). Any small blade will work.

Use spray adhesive to apply the photo to the 1/4" thick Baltic birch plywood. Spray the back of the photo and the surface of the plywood for permanent adhesion.

Apply the puzzle pattern to the 1/8" thick plywood.

Stack the two pieces of plywood together with the pattern on the top.

Use clear box tape and wrap the pieces together. Cover the entire surface front and back.

Install your finest scroll saw blade in the machine.  
Flying Dutchman Superior puzzles blades are  
recommended but not required.

Begin cutting the pieces. After each piece remove the top piece of plywood with the pattern and discard.

Reassemble the puzzle as you cut the pieces unless you want to solve it when you are finished. Remember to remove the tape from the bottom of the puzzle pieces.

Lightly sand any tear out on the back of the puzzle.

**DEWALT**

**Excalibur**

If you enjoyed making these puzzles and would like more sizes then look for this digital book on my blog. The book comes with the following templates. It sells for \$7 and is an instant download after payment. These make wonderful wedding gifts.

5x5 25 piece

4x6 24 piece

5x7 35 piece

8x10 80 piece

4x6 96 piece

5x7 140 piece

8x10 320 piece
